Ending 2025 on a learning note! 😊

Thrilled to share that I've successfully completed the "Leading in an AI Augmented World" program by Emeritus, earning a certification in "AI Strategies for Business Growth" from the Northwestern Kellogg School.

This was an 8-weeks long journey which included eLearning modules from Kellogg faculty Prof. Mohanbir Sawhney, 4 Live expert sessions Future of Tech by Pieter Geldenhuys, Power of Data to Transform Business by Luis F. Gonzalez, Leading in an AI Augmented World by Alvin Ng and Scaling Org-wide digital transformation by Prof. Keith B. Carter. followed by assessments and best practices on AI application across industries.

I strongly believe in the power of lifelong learning—staying curious, adapting to change, and continuously building skills to thrive in an evolving world. This program was an incredible opportunity to deepen my understanding of how AI can transform leadership and drive strategic innovation.

Excited to apply these insights and to create impact in 2026 and beyond! 👍
